***RE: Protecting and Promoting the Open Internet, GN Docket No. 14-28; Connect America Fund, WC Docket No. 10-90, Developing a Unified Intercarrier Compensation Regime, CC Docket No. 01-92***

Dear Mr. DelNero:

Blackfoot Telephone Cooperative, Inc. ("Blackfoot") and its wholly owned subsidiary Fremont Telcom Co. ("Fremont"), are following up on Blackfoot's November 1, 2016 notification to the Bureau of its intention to cease offering its broadband Internet transmission service as a separate component of its broadband Internet access service effective January 1, 2017. Since its November notice, Blackfoot has notified its single customer for its Digital Subscriber Line ("DSL") service and Fremont has notified its single customer for its DSL service both via intra-company memo that it will cease offering broadband Internet transmission service as a separate component of its broadband Internet access service.

Blackfoot and Fremont have provided a copy of its November 1, 2016 notice to the Special Assistant for Telecommunications of the Department of Defense, the Governors of Montana and Idaho and the Montana Public Service Commission and Idaho Public Utilities Commission.

Please contact me if you have any questions regarding this change or your broadband internet transmission service.

Sincerely,

A handwritten signature in black ink, appearing to read "J. Williams", is written over a horizontal line.

Jason Williams  
Chief Executive Officer
